IMPORTANT MESSAGE

PREPARE FOR THE JUNIOR SUMMER SEASON 2019-2020

Cricket Australia has implemented significant changes to the junior registration process to streamline insurance cover for every player.

These changes mean that every player must register through MyCricket and no longer is required to complete the club's paper registration form.

We will publish the details for the revised registration process shortly in a detailed guide to help you negotiate the new process and correct registration option for your child.

If you have not advised us of any changes to your email contact details, now is the time to do so. Correct emails are vital for the online registration process. This applies to all players who already have a MyCricket Account. Any communication from MyCricket will be send to the email recorded in the MyCricket database when that account was created.

If you are unsure of the address on record, please email us to confirm or request an email update

accc@albanycreekcricketclub.com.au

Stay tuned for the information document arriving in your email very shortly. Don't forget to add the Hawks to your safe sender's list so you don't miss out on this important notification.
