The President's Bat

The last two weekends of our Pre-Xmas season have been affected by wet weather with many teams being washed out on Saturdays. The Friday Night kids have been most affected this year with four nights either cancelled altogether or washed out during the evening. We will be doing some minor repairs on the run ups on our north oval over the next few days and one end will be roped off to allow the new grass to establish.

From the 8th – 12th January Albany Creek Cricket Club will be hosting for Brisbane North, the Ian Healy Cup. This is an U12 Development Carnival with teams from all over the S-E corner of Queensland. Our club has been conducting this carnival for 25 years now and you will see many great young players of the future. You are most welcome to bring down your budding young cricketers to watch these matches. This year we will be using Lemke Park (in behind Woolworths) as one of the venues.

Good luck to those 16 players from our club who will be competing in Brisbane North teams over the Xmas period. We know that they will be great ambassadors for the Hawks.

On behalf of the Hawks' committee could I wish you all a very merry and safe Xmas and a prosperous New Year.

How Are The Winners Of Team Trophies Determined?!?!

At the end of the season, there are three trophies awarded to each team:

- ♦ Batting Award
- ♦ Bowling Award
- ♦ Coach's Award

The award recipients are determined based on the following principle:

- ♦ The **Batting Award** is always decided first.

The best average is used to determine the winner in senior grades [U11 to Open Divisions}, while the junior grades [U8—U10} are determined by the best aggregate total (unless there is a draw, in which case, averages will be used to determine the winner). For senior grades, players must have played in 50% or more of the team's matches and be in the top 50% of run scorers. (see below for an example of how the top 50% of run scorers are determined)

- ♦ The **Bowling Award** is decided next.

(The winner of the batting award is not eligible for this award)

The best average is used to determine the winner in senior grades [U11 to Open Divisions}, while the junior grades [U8—U10} are determined by the best aggregate total (unless there is a draw, in which case, averages will be used to determine the winner). For senior grades, players must have played in 50% or more of the team's matches and be in the top 50% of wicket takers. (see below for an example of how the top 50% of wicket takers are determined)

- ♦ The **Coach's Award** is the third.

(The winners of the batting and bowling awards are not eligible for this award)

The award recipient is chosen by the Coach and may be given for any reason what so ever. For example, the coach may decide to award a player who may not have been amongst the top batters, bowlers or fielders. This player displayed an exemplary attitude towards the game, team mates and coach throughout the season at training and every match.

How to calculate a Player's Average ?!?!

The **Batting Average** is calculated by dividing the number of times the batter has been dismissed into the total runs scored for the season, e.g. 125 runs divided by 5 'outs', will give an average of 25.0

The **Bowling Average** is calculated by dividing the number of wickets taken by the bowler into the number of runs scored against the bowler, e.g. 100 runs conceded divided by 5 wickets taken will give an average on 20.0

The **Top 50% Run Scorers and Wicket Takers**

The team list is sorted from highest to lowest run scorer and wicket taker for the season. The top half of these are then eligible for the batting and bowling award, e.g. a team of 12 players will be sorted from the highest to the lowest batting aggregate for the season. The first 6 players on the list (50% of the number of players in the team) will then be reviewed and the one with the best average will be the award recipient - provided that they have played more at least 50% of the season's matches.

The same process will be applied to determine the bowling trophy winner through the bowling aggregate.

Please let us know if there is a problem with a certificate and we'll reissue it with the correct details. We know how important it is to have the correct name for the player and the team they play in and it's a simple thing to fix.

GAME REPORT: This round saw us (unfortunately) go up against a good side, missing 3 of our gun players, through injury and illness (of week 1). With the extra gaps in the field, Norths got off to a flying start with their run chase. Week 2 had our guns return and as expected, the pace bowlers and change bowlers, did their job. We fought well, with several catches falling between players and just over a fielder's head. In summary, we just couldn't quite get there... A great effort all the same – the boys are ready for a crushing victory, of the Final Round!

Bowling:	Hudson Zweck	2/18
	Kooper Pitt	2/14
	Lockyer Ward	1/4
FIELDING: Bowled 1x Hudson, Run Out 1x Aiden, Stumping 3x Aiden.		
GAME REPORT: The match start was delayed due to the wet evening, and after a huge effort by the ground staff (Col, Locky and Aiden) we were able to get started for a 20/20 match. Choosing to field first our spinners were on the money from the first over. We rolled through well, keeping Sandgate to a modest 7/97 from their innings. Aiden featured strongly with 3 stumpings and a run out assist and Hudson and Kooper bagged a couple. Gurman, Hudson and Aiden started the batting off at the right pace, while Harry pushed the run rate up over 6 while top scoring with 33. Locky steered the team home with a late cameo from JJ – both pushing runs to put pressure on the field and earning byes and overthrows to get us over the line with 3 balls to spare.
